Copy 2 of Three.

17 January 1963

Dear Jim:

25X1 Attached are two copies of a description of [redacted] which contains significant information of possible interest to people in the Air Force and at Convair associated with the TFX program.

25X1 We have not been able to determine whether the Air Force has made a definite decision on [redacted] for the TFX. If they have not and are interested in considering other systems developments, we request permission to provide the information contained in the attached writeup to those people as well as any detailed design information, pictures of the equipment and indications of results. We would, of course, use this information only if we felt that we would be considered for this program and then discussed only with those people having cognizance with the TFX program.

25X1

In the event you were to approve the release of this information for this purpose, we would not necessarily use it . . . as we mentioned above, it would only be used if we felt the competition was still open and it would benefit our competitive position.

USAF review(s) completed.

Sincerely,

25X1

*No action on this yet.  
See how presentation to [redacted]  
Fubini et al turn out  
May be follow request in  
several months. This goes to*
